- Mobile Payment via bluetooth

3. Faculty III

The background image shows a panoramic view of a town, likely in Europe, with a prominent church spire on the right and a large, light-colored building in the center. The town is built on a hillside, and the sky is blue with some clouds.

The Fab Lab is the open creative space of the University
of Siegen, in the heart of the city.

Usage is free
(Bring your own material)

The University of Siegen Fab Lab

Labs: a global network

Fab Lab stands for **fabrication laboratory**. The idea was born at the *Massachusetts Institute of Technology* in Boston.

Open for everyone

Our Fab Lab supports education, local entrepreneurship, citizens and innovations.

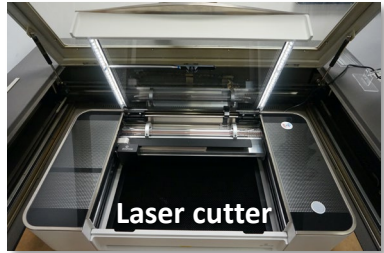

Fab Labs are a community of students, teachers, researchers and tinkerers around the world.

fablab-siegen.de

Fab Lab is the name for a shared atelier (Makerspace)

Important: **open access**, **knowledge sharing** and the **same basic equipment** of all Fab Labs all over the world (and beyond).

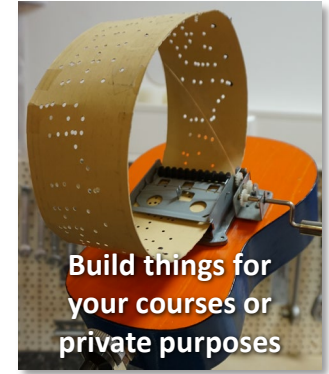

Laser cutter

Cutting plotter

Soldering station

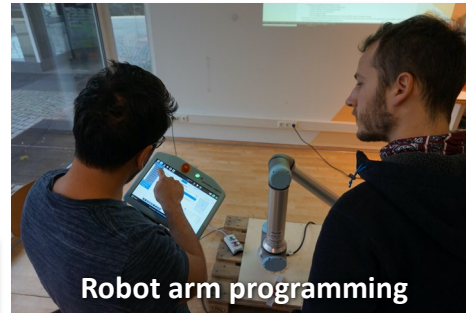

Build things for your courses or private purposes

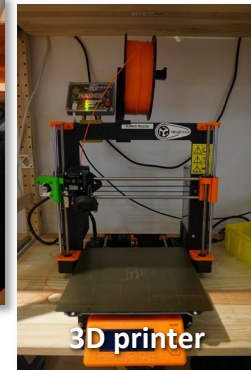

Portal milling machine

Textile workshop

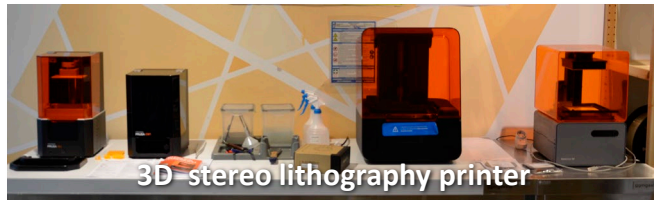

Robot arm programming

3D printer

Selective laser sinter printer

3D-stereo lithography printer
